

Certificate of Compliance with Directive 1907/2006 and the Registration,
Evaluation, Authorization and restriction of Chemicals (REACH)

January 1, 2023

To whom it may concern,

Article 33 of EU REACH Regulation No. 1907/2006 requires that OSG USA, Inc. notify our customers in the case that any of the REACH Candidate List SVHC is present above 0.1% (weight by weight) in articles that we supply. Article 3(3) of the REACH regulation defines an article as "an object which during production is given a special shape, surface or design which determines its function to a greater degree than its chemical composition".

The final product listed in the SDS does not contain REACH substances of very high concern (SVHC), according to the European Chemical Agency (ECHA). Certain products contain Nickel, which has been issued a REACH restriction. However, the restriction is not applicable to the nature of this product.

For additional information regarding EU REACH compliance of OSG USA, Inc. products, please contact OSG USA Customer Service. Customer Service can be reached by phone at 800-837-2223 or by email at customerservice@osgtool.com.

Respectfully,

A handwritten signature in black ink that reads "Jeff T. Tennant". The signature is written in a cursive style with a large, sweeping initial 'J'.
